Dr. Meenakshi Raghavan

MD, DM (Cardiology)
Reg. No. DEMO-TN-44821

Patient: **Lakshmi Subramanian** Age/Sex: **68 / F** Date: **16 September 2026** OPD No: **ANH-22841**

Diagnosis: **Post mitral valve replacement, on anticoagulation · Type 2 diabetes · Hypothyroidism**

Medicine	Strength	Frequency	Duration
Tab. Warfarin	5 mg	Once daily — 8 pm	Continue
Tab. Thyronorm	50 mcg	Once daily — empty stomach	Continue
Tab. Glycomet	500 mg	Twice daily — after food	Continue
Tab. Shelcal	500 mg	Once daily — after lunch	3 months
Cap. Nurokind	1500 mcg	Once daily — morning	3 months
Tab. Atorvastatin	10 mg	Once daily — night	Continue

Advice:

- Warfarin at the same time every night. Do not skip.
- Thyronorm one hour before coffee or breakfast.
- **Do not take Meftal, Combiflam or any pain tablet from the medical shop without asking us first.**
- INR check every month. Report any unusual bruising or bleeding at once.
