Dr. Bhuvaneswari Karthik

MBBS, MS (Orthopaedics)
Reg. No. DEMO-TN-28114

Patient: **Kamala Venkatesan** Age/Sex: **72 / F** Date: **16 September 2026** OPD No: **MBJ-4419**

Diagnosis: **Post-menopausal osteoporosis (T-score -2.9) · Vitamin D deficiency · Acid reflux**

R

Medicine	Strength	Frequency	Duration
Tab. Osteofos	70 mg	Once weekly — Sunday morning	6 months
Tab. Shelcal XT	500 mg	Once daily — after lunch	6 months
Sachet Calcirol	60000 IU	Once weekly — Sunday	8 weeks
Tab. Pan 40	40 mg	Once daily — before breakfast	1 month

Advice:

- Osteofos first thing, empty stomach, full glass of plain water.**
- Stay sitting or standing for 30 minutes after it. No calcium, no food, no tea in that time.
- Calcium after lunch only — never together with the bone tablet.
- Walk 20 minutes daily. Repeat DEXA scan after one year.
